Tasker Homes Older Adult Center The Sweet Sound of Jazz

by Center Staff

On March 26, the Tasker Homes Older Adult Center was the host of a jazz ensemble called the Grace Notes. Elba Torres of Senior Partners scheduled the jazz ensemble for this event.

The seniors and staff enjoyed listening to the sweet sounds of acoustic jazz being played by the group. Some individuals moved their heads from side to side while swaying back and forth as they snapped their fingers and patted their feet to the sound of the soft music. For two hours the audience listened to jazz music free of charge.

While the seniors were having their lunch, some of the maintenance workers came upstairs to listen to the music too.

The seniors showed their appreciation to the Grace Notes by their applause and by inviting them to perform again for the seniors at Tasker Homes Older Adult Center.
